

**SOCIAL AND
SOLIDARITY ECONOMY**

Portugal

Feb 2015 – Jan 2018

Overview

Contribute to a coherent and comprehensive response to the universal challenges of poverty eradication and sustainable development, by promoting decent living and enhancing the skills of Development Networks and Social and Solidarity Economy (SSE) Networks in 46 national and international territories so as to face current global challenges – migrations, climate change and resources scarcity, through the implementation of local initiatives.

**GLOBAL
CITIZENSHIP**

SOCIAL AND SOLIDARITY ECONOMY

pt.solidarityeconomy.eu/

Activities | Results

- Disseminate and share practices among development networks and SSE networks thus allowing to enhance knowledge and training on SSE.
- Strengthen European NGOs and public institutions skills on the liaison between SSE and poverty eradication through trainings and publications.
- Strengthen and increase European citizens awareness on the liaison between SSE and poverty eradication.
- Promote local events in order to enhance the knowledge about the impact of SSE.
- Create a user friendly European interactive map on SSE practices, organised by different taxonomies.
